YOUR PARTNERSHIP MATTERS

We're building a future where access to education isn't limited by circumstance—but we can't do it alone. Today's students are facing greater financial challenges than ever before, and for many, the cost of tuition, housing, meals, and basic living expenses can put their dreams out of reach. At Florida A&M University, we believe no dream should be deferred because of financial barriers. Your investment will directly support scholarships and living assistance for our students—giving them the stability they need to focus on their education, their growth, and their future. Our goal is to raise \$200,000 to empower the next generation of leaders, innovators, and change-makers.

WHY NOW?

Studies show that financial hardship is the leading reason talented students pause or abandon their education. Nationwide, nearly three out of five college students say they've experienced basic needs insecurity in the last year—whether it's housing instability, food insecurity, or lack of access to essential resources (Hope Center for College, Community, and Justice, 2023). At FAMU, we're standing in the gap. We know that behind every scholarship awarded and every living expense covered is a student whose life trajectory can be transformed forever. By investing in FAMU students today, you're helping build a future where passion, talent, and perseverance—not financial circumstance—determine success.

SCHOLARSHIP FUNDS \$90,000

Invest in the academic success of our students by providing financial awards that make higher education accessible:

Partial Scholarships: Supplementary awards that help bridge financial gaps for our deserving students.

LIVING EXPENSE SUPPORT \$60,000

Help students focus on learning without the burden of financial stress by supporting essential living expenses:

Student Stipends: Approximately \$3,000 per academic year for housing, meals, and transportation—ensuring stability while they pursue their studies.

Emergency Assistance: Quick-response funds for unexpected financial challenges, keeping our students on track when life gets tough.

ACADEMIC RESOURCES \$30,000

Equip our students with the tools they need to succeed in the classroom and beyond:
